Jobs Worksheet

Read the statements. If the answer is “true” color the piggy bank and if it is “false” color in the man with empty pockets. When you finish the questions look at the last page and color the picture of a job(s) that you think you might like to have for a career one day.

QUESTION

If I do not finish high school I can still get any job I want.

TRUE

FALSE

If I finish high school and college my chances of getting a well paying job increase greatly.

People who have no jobs and no source of income have an easy life with no problems.

In most cases, people who do not have jobs with paychecks have some other type of support. (e.g. stay at home parent, volunteer workers)

“There is no such thing as a free lunch,” means that everything has some sort of cost.

For the people with no job the cost is no income or security and they still have to work to survive.

For the people with jobs and an income the cost is more responsibility, but they gain more security.

Now, look at the pictures below and choose the career you think you might like to have one day and color the picture!
