"About Half of Lower-Income Americans Report Household Job or Wage Loss Due to COVID-19"

PEW RESEARCH CENTER

1. What is the relationship between age and a negative impact caused by the COVID-19 recession?

2. What is the correlation between the negative impact of the COVID-19 recession and education and income ?

3. Based on what you know, what types of jobs were most likely to be lost during the COVID-19 recession? What connections can be made to the data?
