

Name: _____

Date: _____

Activity 4: Headline News

Directions: Your group has been assigned a headline from the news in “Jolandia”. Determine the best year(s) for the headline and manipulate the graph to convince your audience that the statement is true. Answer the questions that follow.

Your group’s headline: _____

Year(s) chosen for your headline: _____

Why did you pick this year(s)?

What other years did you consider choosing? _____

How did you manipulate your graph to best fit your headline? Be sure to justify your selection of units, scale and origin for both axes.
